

ISUPTW2021

The 10th International Symposium on Ultrafast Phenomena and Terahertz Waves

June 16-19

Chengdu China

Invitation Letter for ISUPTW 2021

Dear _____,

ISUPTW, an international symposium, provides a platform for strengthening the collaboration among worldwide researchers and promoting the development in Ultrafast and Terahertz science and technology. The biennial symposium, initiated in 2002, has been held in Beijing, Shanghai, Nanjing, Tianjin, Xi'an, Wuhan, Chongqing, and Changsha. It brings together faculty, engineers, and students from more than 10 countries and typically hosts 300 participants.

The 10th International Symposium on Ultrafast Phenomena and Terahertz Waves (**ISUPTW 2021**) will be host by China Academy of Engineering Physics and organized by Institute of Fluid Physics, China Academy of Engineering Physics and Institute of Electronics, China Academy of Engineering Physics in InterContinental Chengdu Global Center, Chengdu. For COVID-19, the conference was postponed to **on Jun.16-19, 2021**.

Having known your great contributions to the related fields, we would like to invite you to present at the symposium to guide ours work. We would greatly appreciate it if you could accept the invitation and kindly reply us at your earliest convenience.

We are looking forward to receiving your positive reply and meeting you in Chengdu.

Sincerely yours,

General Chair

Zeren Li, China Academy of Engineering Physics, China
